- Damage caused by pets or spills

---

6. Claims & Process

Q. How do I raise a claim?
You can raise a claim through the website or mobile app by submitting appliance details and issue description.

Q. Is doorstep service available?
Yes, doorstep inspection and service are available in supported locations.

Q. How many claims can I make?
You can make up to 2 claims per appliance per year.

---

7. Cancellation & Refund

Q. Can I cancel my plan?
Yes, cancellation is allowed within 15 days if no claim has been raised.

Q. Will I get a full refund?
A full refund is applicable only if no service request has been made.

8. Eligibility & Conditions

Q. Which appliances are eligible for coverage?
Only appliances purchased within the last 10 years and used for residential purposes are eligible.

Q. Are refurbished or second-hand appliances covered?
No, refurbished, second-hand, or commercially used appliances are not covered.

Q. Is installation required to activate coverage?
Yes, proper installation by an authorized technician is mandatory.

---

9. Exclusions (Global)

The following are **not covered for any appliance**:

- Damage due to fire, flood, earthquake, or natural disasters
- Damage caused by insects or rodents
- Cosmetic damage that does not affect functionality
- Intentional damage

---

10. Power & Electrical Conditions

Q. Is damage due to voltage fluctuation covered?
Damage due to voltage fluctuation is covered **only if a stabilizer is used** where recommended.

Q. What if no stabilizer is used?
Claims may be rejected if stabilizer usage is mandatory for the appliance.

---

11. Service & Repair Logic

Q. Will my appliance be repaired or replaced?
The decision to repair or replace depends on:

- Cost of repair
- Availability of spare parts
- Age of the appliance

Q. Will I get a new appliance if replaced?
Replacement may be with a refurbished unit of similar specifications.

---

12. Turnaround Time (TAT)

Q. How long does it take to resolve a claim?
Typical resolution time is **3–7 working days** after inspection.

Q. What if spare parts are unavailable?
Resolution may take longer depending on spare availability.

---

13. Region & Availability

Q. Is service available everywhere?
Service availability depends on city and pin code.

Q. What happens if service is not available in my area?
In such cases, reimbursement may be considered at the company's discretion.

---

14. Policy Misuse & Rejection

Q. When can a claim be rejected?
Claims may be rejected if:

- False information is provided
- Damage existed before plan purchase
- Multiple claims raised for the same issue

15. Ambiguous Queries

Q. Is everything covered?
No, coverage is limited to specified components only.

Q. My appliance stopped working suddenly, is it covered?
Coverage depends on the cause of failure and policy terms.

---

16. Similar Meaning, Different Outcome

Q. Washing machine drum damaged due to overload – covered?
No, damage due to misuse or overload is not covered.

Q. Washing machine drum bearing failed due to normal use – covered?
Yes, bearing failure due to normal usage is covered.
